

#Webexwellnessweek

The event idea

Work together with your HR team, to help your people understand the wellbeing benefits that they have available, Webex being one of them. Set up a demo table and add take-away leaflets. Create materials that share the benefit of being home for dinner with your family, reducing your travel, collaborating with your colleagues, customers, and partners, no matter where they are in the world.

The location

Create a stand in a prominent position around the office.

People

Work alongside your HR team, your internal comms team and your on-site champions.
