

#TeamsTacoTuesday

The event idea

Get your launch of Webex off to a flying start with #TeamsTacoTuesday. The idea is simple; fresh, delicious tacos with a side of Webex on a Tuesday! Gather people over food to launch Webex, sharing benefits and use cases, and a sprinkling of queso fresco. You'll need either in-house catering to get behind the idea, bring in a food truck, or order a delivery from a local business.

The location

Utilize your canteen area, add take-away leaflets to the tables and have a demo table on the route out. If you're outside, make sure you have space for people to eat and hang around whilst you talk all things Webex.

People

Canteen/facilities staff and local champions.

What you'll need

- ☐ Tacos!
In-house, food truck, or local delivery
- ☐ Pull up banners
- ☐ T-shirts for those staffing the table
- ☐ Leaflets for the tables
- ☐ Balloons, banners, or streamers

What's the score?
