

# Make a date with Webex

## The event idea

Use Valentine's day as a great excuse to raise a little awareness and have people share what they love about Webex. Create a "love wall" and ask people to share their declarations of love and poems about Webex. You could even have a prize for the best statement or poem. Love heart /Sweetheart candies can be given as a thank you for people getting involved.

## The location

Keep it somewhere public to capture people's attention such as an atrium, scrum area, or break area.

## People

You can DIY this one, but might want to encourage a few people to kick it off. If you have an internal communications team, find out if you can link your idea into any of their campaigns.

## What you'll need

- ☐ Post-it notes  
(kudos if they are heart shaped)
- ☐ Pens
- ☐ A wall in a prominent area
- ☐ Candy
