

Hey HR!

Scale to everyone

You need an easy way to handle all the questions that come your way. Work is even easier if you can answer the same question for many at once. Move repetitive tasks to Cisco Webex. Free up your time to work on strategic initiatives and improve company culture.

Before, we were stretched.
Now we add more value across the business.

✓ Turn human resources into human capital.

Cisco Webex

Connect your team

Download the Cisco Webex app. Create a space to keep your team in sync. Create spaces about specific HR topics to keep employees informed. Answer their questions and keep your finger on the organizational pulse.

[Download Cisco Webex](#)

[Create a team](#)

Work together

Share crucial information. Use spaces as discussion forums so employees can learn from peers. Post updates to benefit packages, share policies, and promote development programs. Employees can search for documentation and updates in topic-specific spaces.

[Send a message](#)

[Share files](#)

Spread the word

Launch new initiatives or events with impact. Seek feedback and spread the word, fast. @Mention people whose attention you need. High visibility will help drive awareness, adoption, and success.

[@Mention a person](#)

Be available

Use 1 on 1 spaces for employees with specific, private questions. When needed, they can have a video call with you, the HR specialist, to resolve issues quickly. Enable employees to get answers and to get back to work.

[Make a video call](#)

Include everyone

Add people outside your company to spaces so you can communicate with suppliers and partners effectively and securely. Use Webex as your meeting platform too.
