

Hey HR!

Turn employees into teams

Your people are your business. As teams are more global and mobile than ever, it can be hard to come together. Cisco Webex gives you a way to foster connections within your team. Build a better team culture to drive your business forward.

People make teams.
Webex bring out the
best in people.

- ✓ Better alignment.
- ✓ Faster brainstorming.
- ✓ More sharing.

Cisco Webex

Form your team

Download the Cisco Webex app, and your team can start connecting. Create a team as your one communication hub. Within the team, people can create spaces to work on projects and solve problems as groups.

[Create a team](#)

[Make spaces](#)

Break silos

Connect dispersed teams across the organization and encourage collaboration across departments.

[Send a message](#)

[Add external participants](#)

Share the best

Create an environment for team excellence by encouraging the sharing of success, killer material, best practices, industry news, or business opportunities.

[Share files](#)

People like me

Connect people with common interests or cultures in spaces to foster a sense of community in the workplace. Encourage sharing across groups of people – it's easy to opt in or out of notifications.

[Manage notifications](#)

Make spaces for fun!

When the holidays or special occasions come around, teams can get together and share activities, have digital parties, and post pictures that will put a smile across the company's face.
