

Cisco Webex

Webex will
help us improve the way
we deliver projects.
Can you help me promote it?

Dear Colleagues,

We've invested in Webex, a powerful, modern messaging and meeting solution that puts all the communications and information sharing tools we need for project delivery, all in one place.

We want to accelerate its adoption in our project and change communities.

We're writing a mini launch plan, and it would make all the difference if you could send an email that encourages all of us to use Webex. When we're ready, we'll send you a draft copy for your approval.

Thank you.
