Virtually visit to connect with your family

Spend quality time with your loved ones – without the travel

There is nothing quite like seeing your loved ones faces light up when you visit. And we want to give you the option to do that more – without the travel. Here at our home we offer the option for a virtual visit, keeping you connected with your loved ones.

Here are some ideas:

- Family and friends get together
- Birthday or anniversary party
- Share pictures and life updates
- Show off the grandchildren
- Long distance date, eat a meal together and chat
- Virtual book club
- Watch TV together
- Pray or sing songs together
- Chat, eat cake, and drink coffee together
- Game night with bingo, cards, or charades
