Webex Calling enables Broadcom to grow globally — and nimbly.

“Webex Calling has given the user a far superior collaboration experience...It actually allowed users to start collaborating on the same platform, on Day One at the close of acquisition, instead of waiting months”

Stanley Toh
Head of Global IT, Broadcom

Challenges

• Quickly connecting 25,000 remote employees across 59 countries.
• Time consuming and costly to connect legacy on-premise infrastructure.

Strategy

• Moved to Webex Calling for seamless cloud calling.
• Leverages Webex Calling alongside Webex Meetings, Webex Messaging, Webex Contact Center, and Webex Devices for a unified collaboration ecosystem that can be controlled from a single app.

Results

• 25,000 new users added in one month.
• No business interruptions and zero escalations.
• Users from acquired organizations can connect on Day One.
Webex Calling keeps this UK small business running smoothly.

“Answering calls from my mobile is so easy and the sound quality is brilliant. I can easily switch the call over to my desk phone, laptop, or another device, mid-call. I would recommend Webex from a price, quality, and service functionality perspective.”

James Hersheson
IT Director, ITCD

Challenges

• A legacy phone system nearing obsolescence.
• A complex, potentially multi-vendor approach in transitioning from legacy phone system to cloud calling.
• Limited and costly device selections with existing provider.

Strategy

• Transitioned to flexible cloud calling powered by Webex Calling.

Results

• Improved user and client experience with enterprise-grade calling features.
• Rich integrations with enterprise applications.
• Simplified and cost-effective calling process.
• Cutting-edge calling solutions to execute business more effectively.

Assisted reality-powered collaboration for medical professionals.

“We can connect directly from the operating room to the conference room and beyond internationally. It can give students an invaluable, real-time view of challenging or interesting cases.”

Merlin Antúnez, MD
Medical Director and Orthopedic Surgeon

Challenge

• One World Surgery, a nonprofit surgical center in Honduras, faced challenges with supplemental surgical expertise not always locally available and travel for medical mission visits hampered by the COVID-19 pandemic.

Strategy

• Webex Meetings integrated with RealWear assisted reality to provide real-time second opinions, case discussions, mentoring, and learning opportunities.

Results

• Patients receive quality care from local medical professionals, with remote surgeons providing another level of expertise.

• Staff teams in Honduras and the U.S. communicate regularly and even more effectively using Webex Meetings for administrative activities and strategic planning.
Webex Meetings helps small business perform at global scale.

“Webex is an established brand, easy to use, familiar to all, and simultaneous interpretation on top of all of its other features makes it just perfect for our industry.”

Nada Buric
Director

Challenges

• A provider of real-time interpretation services, Aion needed a reliable, secure video conferencing solution to connect global leaders with interpreters during high-stakes virtual meetings.

• They also needed a virtual meetings solution that was easy to use and engaging for employees.

Strategy

• Aion leveraged the simultaneous interpretation feature of Webex Meetings to seamlessly connect global leaders with interpreters during critical conversations.

Results

• Webex Meetings with simultaneous interpretation enabled Aion interpreters to easily work remotely and continue to provide the same level of service without missing a beat.

• Interpreters have quick and easy meeting join functionality.

• Simultaneous interpretation can be enabled when scheduling a meeting. From there, Aion can create an unlimited number of interpretation channels.
How Clayco, a leading construction and engineering firm, builds a culture of collaboration.

“Our business in constantly evolving. Webex provides the flexibility to really meet our needs as they continue to evolve.”

Russ Burns
President and CEO

Challenges

• Consolidating nine separate conferencing platforms.
• Establishing a unified collaboration platform across the organization.
• Integrating 40+ mobile field construction sites into seamless collaboration.

Strategy

• Webex Meetings enables users to schedule, run, and record meetings.
• Meraki strengthens wireless network in head office and remote worksites.

Results

• Standardized workplace collaboration.
• Reduced travel with video conferencing and file sharing from Webex.
• Improved project management.
• Reduced demand on tech support.

Cisco named a leader in IDC MarketScape Worldwide Collaboration and Community Applications.¹

IDC MarketScape vendor analysis model is designed to provide an overview of the competitive fitness of ICT suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor’s position within a given market. The Capabilities score measures vendor product, go-to-market and business execution in the short-term. The Strategy score measures alignment of vendor strategies with customer requirements in a 3–5-year timeframe. Vendor market share is represented by the size of the circles. Vendor year-over-year growth rate relative to the given market is indicated by a plus, neutral or minus next to the vendor name.

Oak Meadow School uses Webex video devices to drive inclusion and education success.

“Great learning only happens when the social and emotional side of a student’s life is in balance. We needed a technology where the whole purpose was to engage students and learners.”

Jay Scheurle
Head of School

Challenge
• Enable teachers to teach in an engaging way so that children could learn and complete their full curriculum no matter the location.

Strategy
• Utilize Webex Room Kits and Webex Boards for teaching with the goal of making all children feel included, irrespective of whether they were in the classroom or at home.

Results
• Oak Meadow had an amazingly successful school year.
• The school is now actively working on using their classrooms and Webex to enhance their curriculum such as engaging with national park rangers or marine biologists at aquariums, all from their classrooms.
Rebel is reimagining coworking spaces for the hybrid work era with Webex devices.

“We designed the building around the concept of hybrid work — even before the pandemic. The pandemic only accelerated our thoughts around what we needed to do, and how we wanted to partner with Cisco and Webex to bring it all to life.”

Peter Jetzel
CEO

**Challenge**

- A one-of-a-kind coworking hub, Rebel wanted to provide fun, adaptable spaces for people to collaborate, share knowledge, and drive innovation — as well as continue the conversation after hours or on the weekends.

**Strategy**

- Design Rebel spaces around the concept of hybrid work and integrate a suite of Webex devices that work well with any meeting platform, making collaboration inclusive and interactive.

**Results**

- Rebel has created a unique and dynamic environment for hybrid work, empowering its users to collaborate with others around the globe.

Pro cycling Team DSM wows with annual launch event powered by Webex Webinars.

“Events like our team launch, where we present the team for next year, were always in person before. We always invited the press, partners, and other stakeholders. We usually had well over 150 people on-site in the past. But by going virtual with Webex, we had almost 2,000 subscriptions.”

Tyscha Coolen-Waaijer
Project Manager

Background

Team DSM took their annual event virtual with Webex Webinars. The new format allowed them to reach much larger audiences than previously possible and also empowered the team to continue making important personal connections with fans and media.

Results

• Reached 2,000 attendees globally
• Quickly moved a previously in-person event to an online format
• Real-time translation supported more effective communications

MAD///Fest partnered with Webex Events to bring their iconic in-person event to the virtual and hybrid stage.

"[The hybrid event] really took production to another level. We had to cater to the needs of in-person attendees and virtual attendees. That’s where the Webex Events platform enabled us to seamlessly join the conversation between in-person and online attendees, so people could meet remotely, they could tune into the content, they could interact with the content, and that was all through the Webex Events platform."

Dan Brain
Co-Founder

Background

Successful hybrid events seamlessly bring virtual and in-person attendees together. MAD///Fest did just that by leveraging Webex Events\(^1\) to power an event experience where both virtual and in-person attendees felt engaged, connected, and informed.

Results

- 21.47K connections made
