5 ways to create deeper student engagement

Teach, engage, and inspire with Webex for Education

Integrate with your tools

Educators and parents can easily collaborate where they teach and learn. Webex for Education (formerly Webex Education) is a comprehensive learning management system (LMS) that is integrated with the LMS in your school, providing a seamless experience.

5 ways to create deeper student engagement

1. Expand the world for students and teachers

Watch experience:

Meet on video.

With Webex Meetings and Webex Webinars, you can hold classes, meet with parents and students, invite guest speakers from around the world, and provide recordings of lesson material.

Webex Meetings
Webex Webinars

2. Ignite the love of learning, together

Drive collaboration and curiosity.

Connect classes or groups with Webex App chat and file sharing, providing continuous learning for students—before, during, and after class.

Webex App

3. Integrate online and face-to-face students

Intelligent solutions promote effective distance and hybrid learning.

Use Webex Board and Webex Rooms to provide visually interactive digital whiteboarding and co-editing during classes. Students can whiteboard back from their Webex App. Everyone can contribute, no matter where they are—no ideas are ever lost.

4. Open the doors to education everywhere

Learn anywhere.

Collaborate where you teach and learn. Students are available on any device (laptop, mobile, video device) and accessible in class, from home, and everywhere in between.

5. Better engagement without compromise

Safe and secure.

Webex is designed to help educators focus on what they do best: teaching. We handle security, so you can focus on your students. Webex has security built-in, not bolted on.

Webex Education Connector deeply integrates with leading learning management systems (LMS).

Webex is integrated into the LMS platforms, providing a seamless experience.
