

Annotation from any device.

Sometimes a scribble is worth a thousand words, track ideas and questions while supporting deeper understanding.

Use drawing tools on shared content to annotate, highlight, explain, or point to information on any device, anytime, anywhere.

- Literally make your point with the arrow tool.
.....
- Get instant feedback on presentations by allowing your participants to annotate.
.....
- Annotate from your phone, tablet, laptop and video device.
.....
- Save your annotations and refer to feedback after the meeting.
.....
